Pricing & Service Definitions

Connect: Free offering allowing businesses to get their visitors online quickly, easily and securely by providing a branded splash page and simple access journey (including redirect to Website).

Capture: Core sales offering focused on capturing and verifying 1st party data in order to increase digital profiles within existing CRM solutions.

Engage: Building on the benefits of Capture with the aim being to realize the key use cases and ROI by enabling tailored engagement with users, based on customer behavior whilst they are in the venue.

Enablement: One-off service fee that includes services needed to ensure the customer goes live, such as scoping, configuration, deployment and onboarding. Standard fee for Enablement for Tier 3 small pricing, for anything outside of Tier 3 this is a calculation percentage based on the overall Annual price (Sales Packs & Modules - not including Success).

Success: Managed service provided for the entirety of the contract, providing key support to the customer/partner in order to drive usage and return on investment (ROI). Managed service costs will automatically be added to the annual costs of the Sales Pack. This is a flat percentage fee of 20% based on the overall Annual price, and is only applicable for Engage customers.

Annual: The annual charge for the licencing for the solution (Capture or Engage). Also covers any Managed Service such as success.

Total Contract Value: The annual fee multiplied by the contract length + Enablement One-off fee. Success is included in the annual fee.

ICP: Ideal customer profile (ICP) type of company that would realize the most value from our products and solutions.

Tier: Tier based selling model reflecting our commitment to simplifying the sales process and aligning closer to industry standards and expectations (Small, Medium & Large)

Size Tier: Different sizes to our tier based selling model, based on the measure.

Measure: The way in which our solutions are priced depends on the measure, talking the same language as our customers e.g. Number of Passengers for Airport solutions.

Single Venue: ICP Single Venue pricing for individual venue solutions e.g. 1 Arena, or 1 Airport. Anything outside of this will need to be priced based on Multi-Venue pricing.

Multi-Venue: ICP Multi Venue pricing for customers with multiple venues e.g. Coffee Shop with 15 venues, or Hotel chain with 5 Hotels. Anything outside of this will need to be priced based on Non-ICP pricing.

Multi-Tenant and Staff WiFi: Our multi-tenant and staff WiFi pricing is based upon number of APs and has a minimum of 25 seats. All prices are per year and assume the full TCV is paid up front.

Partner Pricing

Pricing Structure:

Pricing in this guide is determined based on vertical/industry, tier size and scope against our ICP (ideal customer profile) and Tier. If non-ICP we will continue to price per Access Point.

Partner Pricing Markup:

Partners are permitted to add up to 100% to the list price for the solution. If a markup exceeding 100% is required, approval from your Flow Networks Representative is mandatory. Standard partner margins range from 15% to 30%.

Standard Contract and Payment Terms:

Our standard contract term is 3 years. If a different contract duration is needed, it must be discussed with your Flow Representative, and pricing will be adjusted accordingly. Standard payment terms require annual payments upfront, along with any applicable one-time enablement fees. Alternatively, you have the option to pay for the full contract term upfront, which may qualify for a discount.

Discounts:

Discounts may be applicable depending on agreements such as Press Release, Close dates and upfront billing. Please discuss this with your Flow Representative.

Additional Solutions:

Beyond the standard solutions listed in this pricebook, additional services are available upon request. Pricing for these solutions will be determined based on scope and specific customer requirements. You should consult with your Flow Representative for further details and pricing validation.

For any questions or assistance, please reach out to a product specialist from Flow Networks.

WiFi sales pack

Engagement with WiFi sales opportunities will be based on 3 clear sales packs, which are comprised of various product modules. The modules no longer need to be referenced during the sales cycle, as the benefits of each will be combined into the holistic pack benefits.

Guidelines:

- The table provides annual licence pricing and one-off enablement fees for our Capture and Engage solutions for single ICP venues
- The Enablement One-off fee is set at 25% of the annual charge for all verticals and tiers for the Capture product. For the Engage product, the fee varies between 17.5% and 22.5% depending on the specific tier.
- Our standard contract term is 3 years, the Total contract value = (annual x 3) + one-off fee
- For Tier 1 opportunities, Partners will need to contact their Flow Networks Representative for pricing as this is based on size and scope of the opportunity and pricing is bespoke

Guidelines:

- The table provides annual licence pricing for multi-venues based on price per measure e.g. Room, Venue, Store or Mall. To calculate the annual price, multiply the per measure price with the quantity. E.g. Tier 2 Medium Retail 12 stores = £22,800 Capture Annual charge
- The table includes the one-off enablement fee percentage for both Capture and Engage, and the success percentage. E.g. Tier 2 Medium Retail 12 stores = £5,700 Enablement One-off fee (25% of annual charge of £22,800 for Capture)
- Both Enablement and Success fees are a percentage of the annual cost, please refer to [here](#) for more information on how this is calculated.
- For Tier 1 opportunities, you will need to contact your Flow Representative for pricing as this is based on size and scope of the opportunity and is bespoke

Additional Module Pricing

Sales Pack	Module	Cost
Capture	Shield	33% of Capture ARR
	Surveys	Not available for Capture
	Paid WiFi	Revenue split %*
Engage	Shield	25% of Engage ARR
	Surveys	25% of Engage ARR
	Paid WiFi	Revenue split %

Guidelines:

- Additional Modules can be added to our core Sales Packs (Capture & Engage) these are a % of the ARR for the main Sales Pack e.g. if Capture ARR is £9,750 and an additional module of Shield is to be added, this will be 33% of £9,750 (£3,217) per year.
- For more information around what is included with the additional modules, please see [here](#)

Non-ICP Pricing
